Dear Kevin,

It has been over a year and we are enjoying the energy savings enabled through your negotiations with Constellation New Energy, our electric supplier.

From our first telephone conversations in the fall of 2006 and continuing throughout the process of contracting with Constellation New Energy, you provided the information and insight into the bidding process which culminated in a terrific energy rate that will take us through November 2011.

Nothing is easy in business! When our electricity distribution utility decided to cancel one of our meters, thereby voiding the meter contract with Constellation New Energy, you were instrumental in negotiating a new contract for the new meter at a very competitive rate.

I know we can count on you and Secure Energy Solutions in the future for your assistance in providing electric rate information and negotiating expertise to obtain the best electric rate for Electro-Methods.

Sincerely,  
Electro-Methods, Inc.
